

CALL FOR VOLUNTEERS

- Have you recovered from a confirmed case of COVID-19?
- Do you want to know if your body has developed an immune response?
- Are you Sydney based?

Cellmid is calling for volunteers for its new COVID-19 **A**cute **T**esting for **L**ong-term **A**ntibody **S**tatus (ATLAS) pilot study. The ATLAS study will be measuring the presence of antibodies in people who have recovered from a confirmed case of COVID-19. You must be Sydney based and no longer infectious, as confirmed by PCR.

If you are interested in taking part in the study, please send an email to info@cellmid.com.au with **ATLAS** in the subject line or call (02) 9221 6830.
